Notice Concerning State 30 J-1 Visa Waiver Program

Notice is hereby given of revisions to the State 30 J-1 Visa Waiver Program managed by the Kansas Department of Health and Environment. Created under the federal Immigration and Nationality Act, Title III, 22 CFR § 41.63, and formerly known as the Conrad/State 20, this program allows public health departments of state government to establish rules and policies that comply with immigration law and to serve as the "state department of health" for requesting waivers of Section 212(e) of the Immigration and Nationality Act (8 U.S.C. 1182), the provision requiring the two-year home-country physical presence, that pertains to individuals who are in the United States on J-1 exchange visitor visas. The State 30 (Conrad) J-1 Visa Waiver Program assists medically underserved Kansas communities in the recruitment and retention of physicians and also assists noncitizen physicians who are international medical graduates to obtain a waiver of the two-year home country residency requirement in exchange for practicing medicine in a location or entity, or serving a population with a federal Health Professional Shortage Area (HPSA) designation.

KDHE will review applications and make recommendations to the Waiver Review Division of the U.S. Department of State. The Waiver Review Division makes final recommendations to the U.S. Citizenship and Immigration Services in the U.S. Department of Homeland Security concerning such waivers.

KDHE authority has been expanded to recommend up to 30 waivers each year. The program focuses on primary care defined as general medicine, internal medicine, family practice, general pediatrics, obstetrics/gynecology, emergency medicine and psychiatry. Specialty requests are considered on a case-by-case basis and, during the first three months of the program year, shall not exceed 50 percent of total waivers available.

Application must be made by the legal entity making the contract offer to the physician seeking a J-1 visa waiver. Eligible applicants may request an application instruction packet detailing the required information at the following address: J-1 State 30 Program, KDHE Office of Local and Rural Health, 1000 S.W. Jackson, Suite 340, Topeka, 66612-1365. Applications will only be accepted when there is a confirmed physician contract pending. The application instructions also will be available to download from the agency Web site at http://www.kdhe.state.ks.us/olrh.

University of Kansas Hospital Authority **Request for Proposals**

The University of Kansas Hospital wishes to engage a vendor to perform "extended business office" functions. These functions include follow-up and payment resolution of third-party accounts (commercial, managed care) and private pay accounts. The hospital will consider splitting the placements between third-party accounts and self-pay accounts, but strong consideration will be given to those proposals that provide a solution for both private pay and third-party follow-up using a single vendor. The 'placed accounts'' are not considered collection agency accounts, but rather active accounts receivable accounts. The hospital desires a turnkey operation, and a patientfriendly and technically-advanced vendor.

Interested parties should contact Stephen Scanlon, Director of Materials Management, University of Kansas Hospital Authority, 3901 Rainbow Blvd., Kansas City, KS 66160, (913) 588-7600, sscanlon@kumc.edu, by February 16 for specifications. This solicitation will close at noon March 5.

Wichita, KS 67202

Kansas Permit No. I-UA11-PO10 Federal Permit No. KS0092029

Legal: SW1/4, S4, T27S, R24W, Ford County

Facility Description: The proposed action is to modify and reissue an existing permit for operation of an existing wastewater treatment facility. The proposed modification also includes combining the permit for the existing nonoverflowing wastewater treatment system for this facility with this discharging permit. This facility is a beef complex slaughterhouse with associated by-product processing. The current process rate is about 5,800 head at 1,200 pounds per head per day and the design capacity is 6,000 head per day. The process wastewater consists of 2.76 million gallons daily average and 3.1 MGD design. Hide processing is limited to brine curing with no tanning. The facility generally routes the treated wastewater to holding ponds for irrigation during the growing season and discharges to the Arkansas River during wintertime.

Hide-curing brine wastewater is directed to a brine concentrator through two storage tanks. Solid salt from the concentrator is reused for hide curing and excess brine is directed to an 18 million gallon capacity hypalon double-lined, one-cell evaporation pond with an intermediate leak detection system. To maintain adequate freeboard in the pond, the brine is directed from the brine pond back to the raw brine storage tank and evaporator as needed. Reverse osmosis (RO) concentrate is chlorinated and reused along with cooker condensate and hydraulic cooling water from rendering as nonpotable water for holding pens washing, cattle trailer washing and general use at the paunch press. Fat-bearing biological process wastewater from the packing house operation (including fabrication, slaughtering, rendering and hide curing nonbrine) is directed through bar screens, and a two-stage dissolved air flotation (DAF) system prior to flowing to the lift station. Nonfat-bearing process wastewater from animal holding pens, coolers/hotbox, slaughtering and brine concentrator is directly sent to the lift station through bar screens. The lift station effluent, sanitary wastewater, nitrogen contaminated groundwater (from a groundwater remediation project), trailer wash, boiler blow down and cooler wash water from the Millard Scott Refrigeration Warehouse are directed to three (operated in parallel) eight million gallon each double high-density-poly-ethylene (HDPE) lined anaerobic lagoons with an intermediate leak detection system. Effluent from the anaerobic lagoons is directed to four sequential batch reactors and then either flows through two ultra-violet (UV) channels for disinfection and discharge to the Arkansas River (during winter) or is directly pumped to a 360 million gallon capacity three-cell clay lined irrigation storage (Marvel) lagoon system (during summer) for irrigation onto approximately 1,050 acres of crop land. Some treated wastewater is reused for nonpotable purposes in the brine concentrator to condense steam for the process.

Waste activated sludge is land applied on a regular basis. Other process sludges/solids including paunch are composted by an outside contractor at KDHE permitted composting sites. Blood is collected and processed as a product. All viscera is rendered or made into products. Tail switches (hair at the end of the tail) are disposed of in a subtitle D Landfill. The stormwater is either discharged to the river or pumped into an evaporation pond. The proposed permit includes limits for biochemical oxygen demand, total suspended solids, oil and grease, ammonia, fecal coliform, chlorides, dissolved oxygen and pH. Monitoring of temperature, nitrate/nitrite, total Kjeldahl nitrogen, sulfate, total chromium, total dissolved solids and effluent flow also will be required. The permittee is required to conduct a chronic whole effluent toxicity test annually. The permittee also is required to monitor the groundwater monitoring wells and submit data with the discharge monitoring report monthly. The permit contains a schedule of compliance requiring the permittee to (1) submit an evaluation of the effectiveness of the existing monitoring wells system by December 31, 2004; (2) submit a report by April 1, 2005, addressing all improvements necessary to achieve consistent compliance with the final dissolved oxygen effluent limits and complete construction of those improvements by December 1, 2006; (3) by July 1, 2004, to submit recommendations for operation changes to minimize nitrate concentrations in the discharge to the Arkansas River and to implement all recommendations by June 1, 2005; (4) submit quarterly status reports covering the status of the items required by the schedule of compliance; (5) develop and implement, within one year of the effective date of this permit, a stormwater pollution prevention plan; and (6) submit to KDHE the surface acreage at operational depth for each pond within 60 days of the effective date of this permit. The permit requirements are pursuant to the Kansas Surface Water Quality Standards, K.A.R. 28- 16-28(b-f), and Federal Surface Water Criteria, and are water-quality based.

State of Kansas

Governmental Ethics Commission

Opinion No. 2004-01

Written January 15, 2004, to Lois Ryan, Department of Administration, Employee Recognition Team, Topeka.

This opinion is in response to your letter of December 10, 2003, in which you request an advisory opinion from the Kansas Governmental Ethics Commission concerning the application of the governmental ethics laws (K.S.A. 46-215 *et seq.*). We note at the outset that the Commission's jurisdiction concerning your question is limited to the application of K.S.A. 46-215 *et seq.* Thus, whether some other statutory system, common law theory or agency rule or regulation applies to your inquiry is not covered by this opinion.

Factual Statement

We understand that you request this opinion in your capacity as a member of the Department of Administration's Employee Recognition Team (ERT). You have explained that the ERT is interested in starting an employee discount program for all State employees. To facilitate this program, ERT members intend to contact businesses

and inquire as to whether they would be interested in offering discounts to state employees. If the business is interested in participating in the program, the business name and discount would be available for all state employees to view on a state-sponsored internet site or an alternative forum.

Questions

- 1. May a state employee subject to K.S.A. 46-237a accept gifts or discounts available to all state employees?
- 2. May members of the Employee Recognition Team solicit discounts from businesses for the employee discount program?
- 3. May state employees solicit or receive discounts from businesses that are inspected, licensed, or regulated by a state agency?
- 4. To whom does the restriction, if any, in question three apply: to all state employees; to all employees of the agency that inspects, regulates, or licenses; or only the employees of the division of the agency that inspects, regulates, or licenses the participating business.

Opinion

In your first question, you ask whether a state employee subject to K.S.A. 46-237a may accept gifts or discounts available to all state employees. K.S.A. 46-237a(b) applies to this question. It states in pertinent part:

No person subject to the provisions of this section shall solicit or accept any gift, economic opportunity, loan, gratuity, special discount or service provided because of *such person's official position*, except:

- (1) A gift having an aggregate value of less than \$40 given at a ceremony or public function where the person is accepting the gift in such person's official capacity; or
- (2) gifts from relatives or gifts from personal friends when it is obvious to the person that the gift is not being given because of the person's official position; or
- (3) anything of value received by the person on behalf of the state that inures to the benefit of the state or that becomes the property of the state; or
- (4) contributions solicited on behalf of a nonprofit organization which is exempt from taxation under paragraph (3) of subsection (c) of section 501 of the internal revenue code of 1986, as amended. (Emphasis added.)

State employees subject to the provisions of this section are entirely prohibited from accepting gifts or discounts given because of their *official position* unless one of the four enumerated exceptions applies. In opinion 1999-50 the Commission held that:

The term "official position" refers to an individual's particular position with the State and does not apply generally to a person because they are a State employee. For guidance, the Commission notes that a gift or discount which is provided to all State employees is not being provided to a person because of his or her "official position." On the other hand, a gift or discount which is provided to all purchasing agents, for example, or all employees of a particular agency, will be deemed to be provided because of such persons' "official position."

Therefore, a state employee subject to the provisions of K.S.A. 46-237a may accept a gift or discount that is available to all state employees.

Next you question whether members of the Employee Recognition Team may solicit discounts from businesses for the employee discount program. K.S.A. 46-236 applies to this question. It states in pertinent part:

No state officer or employee . . . shall solicit any economic opportunity, [or] gift . . . from any person known to have a special interest, under circumstances where such officer [or] employee . . . knows or should know that a major purpose of the donor in granting the same could be to influence the performance of the official duties or prospective official duties of such officer [or] employee. . .

K.S.A. 46-228 defines "special interest" in the following manner:

"Special interest" means an interest of any person . . . in the action or non-action of any state agency or state officer or employee upon any matter affecting such person as distinct from affect upon the people of the state as a whole.

Pursuant to this statute, a member of the Employee Recognition Team may not solicit any gift or special discount from any person known to have a special interest in that member or in his or her agency, when the member knows or should know that a major purpose of the donor in granting the gift could be to influence the performance of the employee's official duties. It should be noted that the Commission has consistently held that gifts given by entities with a special interest are presumed to be given with the intent to influence the state employee. See Commission Opinion 1999-35.

With regard to your third question, you ask whether state employees may solicit or receive discounts from businesses that are inspected, licensed, or regulated by a state agency. With regard to the solicitation portion of this question, state employees may not solicit from businesses that are inspected, licensed, or regulated by their state agency, because those businesses have a special interest in the agency that inspects, licenses, or regulates them.

With regard to the acceptance portion of this question, K.S.A. 46-237a(b) applies. As noted above, state employees subject to the provisions of this section are entirely prohibited from accepting gifts or discounts given because of their official position unless one of the four enumerated exceptions applies. It should be noted however, that K.S.A. 46-237(c) prohibits the entity which is licensed, regulated, or inspected by a state agency from providing a gift or special discount with an aggregate value in excess of \$40 to the agency or any employee of the agency that licenses, regulates, or inspects that entity.

K.S.A. 46-237(c) states:

No person licensed, inspected or regulated by a state agency shall offer, pay, give or make any economic opportunity, gift, loan, gratuity, special discount, favor, hospitality or service having an aggregate value of \$40 or more in any calendar year to such agency or any state officer or employee, candidate for state office or state officer elect of that agency.

The answer to question three makes it unnecessary to address your final question.

In conclusion: 1) state employees subject to the provisions of K.S.A. 46-237a may accept a gift or discount that is available to all state employees; 2) pursuant to K.S.A. 46-236, a member of the Employee Recognition Team

may not solicit any gift or special discount from any person known to have a special interest in that member or in his or her agency; 3) pursuant to K.S.A. 46-236, state employees may not solicit from businesses that are licensed, inspected, or regulated by their state agency; 4) pursuant to K.S.A. 46-237a(b), state employees are entirely prohibited from accepting gifts or discounts given because of their official position unless one of the four enumerated exceptions applies; and finally, 5) pursuant to K.S.A. 46-237(c), an entity which is licensed, regulated, or inspected by a state agency is prohibited from providing a gift or special discount with an aggregate value in excess of \$40 to that agency or any employee of that agency.

Opinion No. 2004-02

Written January 15, 2004, to Valerie Jung, President, Pure Eloquence, Media Consultant to elect Myers for Sheriff, Overland Park.

This opinion is in response to your letter of December 22, 2003, in which you request an opinion from the Kansas Governmental Ethics Commission concerning the Campaign Finance Act (K.S.A. 25-4142 et seq.). We note at the outset that the Commission's jurisdiction concerning your question is limited to the application of K.S.A. 25-4142 et seq. Thus, whether some other statutory system, common law theory or agency rule or regulation applies to your inquiry is not covered by this opinion.

Factual Statement

We understand that you request this opinion in your capacity as President of Pure Eloquence and as the media consultant to elect Myers for Sheriff. You have questions regarding the application of the Kansas Campaign Finance Act to certain campaign literature.

Ouestions

- 1. Does the Kansas Campaign Finance Act prohibit the use of the term "re-elect Sheriff Myers" on campaign literature if Sheriff Myers was not originally elected?
- 2. May a candidate post on his campaign website press releases written by the Sheriff's Office and photos of the Sheriff that were taken by the Sheriff's office?
- 3. Do the photos and press releases posted on the website mentioned in question two above require a "paid for by" disclaimer?

Opinion

In your first question, you ask whether the Kansas Campaign Finance Act prohibits the use of the term "reelect Sheriff Myers" on campaign literature if Sheriff Myers was not originally elected. This question requires us to determine whether the Campaign Finance Act prohibits the use of advertising which might be considered misleading. We have reviewed the Kansas Campaign Finance Act (K.S.A. 25-4142 et seq.) in its entirety and nothing in the Act addresses the use of misleading advertising.

In your second question, you ask whether a candidate may post on his campaign website press releases written by the Sheriff's office and photos of the Sheriff that were taken by the Sheriff's office. K.S.A. 25-4169a applies to this question. It states in pertinent part:

(a) No officer or employee of the state of Kansas, [or] any county . . . shall use or authorize the use of public funds or public vehicles, machinery, equipment or supplies of any such governmental agency or the time of any officer or employee of any such governmental agency, for which the officer or employee is compensated by such governmental agency, to expressly advocate the nomination, election or defeat of a clearly identified candidate to state office or local office.

This question calls for us to determine whether the press releases prepared by the Sheriff's office and the photos taken by the Sheriff's office are "public funds or public vehicles, machinery, equipment or supplies." If the photos were taken, or the press releases were written, in the ordinary course of business of the sheriff's office, the photos or press releases are not "public funds or public vehicles, machinery, equipment or supplies." Therefore, the use of such photos and press releases in campaign advertising would not violate K.S.A. 25-4169a.

Finally, you question whether the photos and press releases posted on the website mentioned above require a "paid for by" disclaimer pursuant to K.S.A. 25-4156, which states in pertinent part:

(b) (1) Corrupt political advertising of a state or local office is:

(C) publishing or causing to be published any brochure, flier or other political fact sheet which expressly advocates the nomination, election or defeat of a clearly identified candidate for a state or local office, unless such matter is followed by the name of the chairperson or treasurer of the political or other organization sponsoring the same or the name of the individual who is responsible therefor.

The initial question that must be answered is whether material posted on a website has been "published." The American Heritage Dictionary defines the word "publish" as: "1) To prepare and issue (printed material) for public distribution or sale. 2) To bring to the public attention; announce." The American Heritage Dictionary of the English Language, Fourth Edition Copyright 2000 by Houghton Mifflin Company. The Commission now determines that information posted on a website has been brought to the public's attention and therefore, has been published. Consequently, such material requires a "paid for by" disclaimer if the material expressly advocates the nomination, election or defeat of a clearly identified candidate for a state or local office.

The definition of express advocacy is found in K.S.A. 25-4143(h) which states:

"Expressly advocate the nomination, election or defeat of a clearly identified candidate" means any communication which uses phrases including, but not limited to:

- (1) "Vote for the secretary of state";
- (2) "re-elect your senator";
- (3) "support the democratic nominee";
- (4) "cast your ballot for the republican challenger for governor";
 - (5) "Smith for senate";
 - (6) "Bob Jones in '98"
- (7) "vote against Old Hickory";(8) "defeat" accompanied by a picture of one or more candidates; or
 - (9) "Smith's the one."

Therefore, if the press release or the photo is accompanied by language which expressly advocates the nomination, election or defeat of a clearly identified candidate, it must be followed by the name of the chairperson or treasurer of the political or other organization sponsoring the same or the name of the individual who is responsible therefor. See K.A.R. 19-20-4 and Commission Opinion 2000-36 for clarification of what the "paid for by" must contain. It should be noted that pursuant to K.S.A. 25-4156(b)(1)(C), individuals making expenditures in an aggregate amount of less than \$2,500 within a calendar year who publish brochures, fliers or political fact sheets need not post a "paid for by" disclosure.

Opinion No. 2004-03

Written January 15, 2004, to Roger Ploeger, Nemaha-Brown County Watershed Board, Morrill.

This opinion is in response to your letter of December 15, 2003, in which you request an opinion from the Kansas Governmental Ethics Commission concerning the local level ethics laws (K.S.A. 75-4301a et seq.). We note at the outset that the Commission's jurisdiction concerning your question is limited to the application of K.S.A. 75-4301a et seq. Thus, whether some other statutory system, common law theory or agency rule or regulation applies to your inquiry is not covered by this opinion.

Factual Statement

We understand that you request this opinion in your capacity as a member of the Nemaha-Brown County Watershed Board (Board). You have informed us that the Board is currently working on a watershed project called Plum Creek Watershed Dam (Dam) which was begun over twenty years ago as a joint effort between the Board and the Kickapoo Tribe (the Tribe). The purpose of the Dam is to provide flood control, drinking water for the Tribe, and recreation. The land where the proposed Dam will be located covers 1,200 acres in Nemaha County and many of the landowners are farmers and ranchers. The ultimate goal is for the Tribe to own the land and operate the Dam. You have explained via telephone conversations with a member of our staff that the Tribe has attempted to negotiate settlements for the purchase of the land from the landowners, but has now asked the Board to condemn the land pursuant to its eminent domain powers. The Board will be voting on whether to exercise eminent domain for the Dam on January 21, 2004. You have explained that your mother owns land in the proposed site and question whether you are permitted to vote on the use of eminent domain.

Question

Pursuant to the local level conflict of interest laws, may a member of the Nemaha-Brown County Watershed Board vote on the condemnation of land via the power of eminent domain when his mother owns land which may be condemned?

Opinion

As a member of Nemaha-Brown County Watershed Board you are governed by the local level conflict of interest laws found in K.S.A. 75-4301 et seq. In order to properly address your question, we should review K.S.A. 75-

4304, which prohibits a local official from participating in the making of contracts in which that official has a substantial interest. It states in pertinent part:

(a) No local governmental officer or employee shall, in the capacity of such an officer or employee, make or participate in the making of a contract with any person or business by which the officer or employee is employed or in whose business the officer or employee has a substan-

The absolute abstention requirement of K.S.A. 75-4304 is triggered only in situations where the local governmental officer, in the capacity as a governmental officer, makes or participates in the making of a contract with a person or business by which the officer is employed or in whose business the officer has a substantial interest. This Commission has consistently held that K.S.A. 75-4304 does not generally cover legislative decisions or administrative decisions such as those made by planning commissions, boards of zoning appeals, or city councils. (See Commission Opinions 1999-51, 1999-05, 1998-20 and 1994-38.)

Therefore, the initial inquiry which must be addressed in order to answer your question is whether the exercise of the power of eminent domain constitutes a contract between the Board and the landowner. The Real Life Dictionary of the Law defines eminent domain as:

The power of a governmental entity . . . to take private real estate for public use, with or without the permission of the owner. The Fifth Amendment to the Constitution provides that "private property [may not] be taken for public use without just compensation. . . . The usual process includes passage of a resolution by the acquiring agency to take the property (condemnation), including a declaration of public need, followed by an appraisal, an offer, and then negotiation. If the owner is not satisfied, he/she may sue the governmental agency for a court's determination of just compensation." *The Real Life Dictionary* of the Law by Gerald and Kathleen Hill, Published by General Publishing Group.

Clearly, the initial portion of this action, the vote by the Board and passage of a resolution to condemn property pursuant to the power of eminent domain, is not a contract and is purely legislative in nature. Therefore, K.S.A. 75-4304 would not prevent a board member from voting on such a resolution.

K.S.A. 75-4305, however, requires disclosure of actions other than contracts which affect a local government official's private business interests. It states:

(a) Any local governmental officer or employee who has not filed a disclosure of substantial interests shall, before acting upon any matter which will affect any business in which the officer or employee has a substantial interest, file a written report of the nature of the interest with the county election officer.

Therefore, before voting on a resolution to condemn land in which you have a substantial interest you must file a statement of substantial interests form which discloses the nature of your interests which will be affected by the resolution.

The next question that must be addressed then is whether you have a substantial interest in the land owned

by your mother. K.S.A. 75-4301a defines substantial interests as:

- (a) "Substantial interest" means any of the following:
- (1) If an individual or an individual's spouse, either individually or collectively, has owned within the preceding 12 months a legal or equitable interest exceeding \$5,000 or 5% of any business, whichever is less, the individual has a substantial interest in that business.
- (2) If an individual or an individual's spouse, either individually or collectively, has received during the preceding calendar year compensation . . . in an aggregate amount of \$2,000 from any business or combination of businesses, the individual has a substantial interest in that business or combination of businesses.
- (3) If an individual or an individual's spouse, either individually or collectively, has received in the preceding 12 months, without reasonable and valuable consideration, goods or services having an aggregate value of \$500 or more from a business or combination of businesses, the individual has a substantial interest in that business or combination of businesses.
- (4) If an individual or an individual's spouse holds the position of officer, director, associate, partner or proprietor of any business, other than an organization exempt from federal taxation of corporations under section 501(c)(3), (4), (6), (7), (8), (10) or (19) of chapter 26 of the United States code, the individual has a substantial inter-

est in that business, irrespective of the amount of compensation received by the individual or individual's spouse.

(5) If an individual or an individual's spouse receives compensation which is a portion or percentage of each separate fee or commission paid to a business or combination of businesses, the individual has a substantial interest in any client or customer who pays fees or commissions to the business or combination of businesses from which fees or commissions the individual or the individual's spouse, either individually or collectively, received an aggregate of \$2,000 or more in the preceding calendar year.

Pursuant to this statute, you do not have a substantial interest in land owned by your mother. Therefore, you would not be required to file a statement of substantial interests form prior to voting on the resolution to condemn land pursuant to the Board's eminent domain powers. Similarly, if the Board were to enter into negotiations with the landowners regarding the purchase price of the land, you would not be prohibited from entering into such a contract because you do not have a substantial interest in the land owned by your mother.
